

GARY REPORT

Important Africa Update And Plans

In the May 23 and May 28 “Gary Reports,” I noted that Caleb planned and initiated traveling to all forty-seven counties in Kenya to visit and strengthen the Bride churches that are being formed. In the June 10 Report, I noted that they had thus far visited seven counties, and that is now twelve counties. And, they have made plans to divide into two teams—one in the Bride car, and one in Morasi’s car. But as noted in the June 12 Report, those plans were violently interrupted. There was the vicious and near-fatal attack on Laurance and the theft of the car; and the ensuing events and legal matters halted this progress. The outcome of that attack, as well as the revelation and conviction of the seven who were behind it, and even later Laurance’s death and resurrection from the dead, all slowed down that progress. However, they are now back in motion towards their goal and purpose. Here is a report from Caleb.

Dear Bride brother Gary,

I thank the Father for what He did to Laurance, raising him from the dead! It brought more hope into the Bride’s work in Africa: how the work almost died but was resurrected by the Father, and now revival is going on. Laurance is inspiring many pastors and Bride brothers with his testimony of being born afresh in the Bride work.

We have divided into two groups: one group is in Embu, and the other is in Kieni. Tomorrow we are planning to move to Nyeri County and the second group will go south to Murang’a County. We want to cover nine more counties before we rest a bit. We have seen God working in our meetings, and more people are signing up with the Bride mission.

People have been contributing despite harsh economic times in Kenya, but more provision is much needed.

Caleb

Let me now provide an encouraging report from Walter, who just returned from Ghana in southwest Africa.

Hello brother,

The Ghana trip was very successful and encouraging! I met with a group of church leaders from Ghana, Cameroon, and Congo Brazzaville. There were a total of 1,256 church leaders. And, many more wanted to come but could not afford the transportation. Everyone was very excited in coming together to share the teachings of the Bride. I was very happy with the organization and the fact

that in West Africa they are planning to come together so that they can form one movement of the Bride for West Africa. That was very encouraging brother!

On the evening of the last day of that meeting, I received a call from Walter upon returning home from taking care of errands. My cell phone had quit and Walter told me that he had been trying to reach me. The attendees wanted to feed a call into their PA system and have me to address and even teach them. They told Walter that they wanted to hear from, and I quote, the "genius" who saw all of these things. I chuckled at that. Genius I am not. Seer maybe, but not a genius. But I had never heard Walter more excited than on that call.

Immediately afterwards, on July 2, I received the following email from a member of the Parliament in Congo Brazzaville who was at that meeting, and brought 204 pastors with him.

Dear prophet of the Lord,

My name is the Hon. Bosco, a nominated member of the Parliament in the Republic of Congo Brazzaville. I also represent the interest of the religious groups in Parliament. Prophet, I was with Walter in Ghana last week and I was very much impressed by the teachings of the Bride and I promised him that I will invite him to Congo Brazzaville this week when we will be having a national prayer day on Wednesday. I also promised to support the work of the Bride fully by donating some financial support every month, and am sending a return air ticket to Walter so that he can come on Wednesday to share the good teachings with my people here. I am also sending him 100 dollars to help him reach the airport from Kisumu, and also promise to pay for his fare back to Kisumu. Thank you so much for revealing these teachings to us. God bless you.

Can you imagine anything like this taking place in America? Not at all! The Father has chosen to open the eyes of the afflicted Africans, so as to shame the worldly and the prosperous. It is His way.

I mentioned to Walter that there is a general attitude among people here in America to think that all of this is not really happening in Africa and that I am being deceived. But they do not have the advantage I have of hearing the true excitement and amazement in the African brothers' voices when I speak with them on the phone, and I told Walter that I wish I could record our conversation so they could sense this. His reply was: "Brother, bring four men over here with you to experience this, and they will see it is real." But I told him that instead, let us plan for me to return to Africa in the middle of August and witness this myself and report on it. Why the middle of August? The Spirit came upon me in the middle of June 1994, and taught me Bride truth. But it was not until August 7, my birthday, that I confessed that I was no longer a Christian but was Bride. The Bride thus began on that date. At that time I thought that all I was seeing would soon be fulfilled. But, it breached! We left the ranch on August 29 and moved to Washington State as the Father instructed me on August 7. The reason I told Walter I would come in the middle of August was to get on the other side of the Bride's beginning date, so that in hope the terrible twenty-three-year breach could be healed

and the long awaited fulfillment could pick up and be completed. Amen! Hopefully Yahweh God will repair this long and costly breach!

I told Walter, and Caleb, to begin planning for me to travel there, and I will begin teaching in West Africa. Afterwards (whatever afterwards might be), I will end up in Kenya to teach. How all of this works out, I do not yet know. But more than anything in my life I LONG to see the two-thousand-year breach from the first Remnant to come to an end, as well as the conclusion of my own twenty-three-year breach. So we will see what now unfolds.

We are also planning for Jim McManus to travel with me and take care of photography and filming and other means of documentation in sharing what is taking place in Africa, as well as being responsible for my computer and other matters. Walter wanted me to bring four men, but one man with the ability to document and communicate for the benefit of others is worth more than four men. Of course I can write as well. But, it will be a demanding time, yet also very fulfilling. I expect to be there for a month or so. But I can guarantee you, it will be an unforgettable experience, and hopefully bring about even much more! Also, begin to consider how you can help make this financially possible. You too have the opportunity of a lifetime to invest in the future as never before. And the reality is that this is only possible if the funds are made available, and we look to the Father. Will you make a commitment now as we seek to press forward with specific plans? That would be very helpful.

So in closing, the question now in planning is: How realistic is it for Jim and I to travel about, and what kind of support is there for it? I will be talking more with Walter and Caleb about this. For now I am looking into the financial feasibility and the possible itinerary. And as a supporter of the Bride, you are an essential part of this as well and I need to hear from you. Jim and I are committed to going, and the people in Africa definitely want us to come, and I need to know of your commitment as well. It is a big step; and frankly, I hope it is a new beginning for all mankind.

May the Father lead us, and to Him be the glory,

Gary

PS:

For as the rain and the snow come down from heaven, and do not return there without watering the earth and making it bear and sprout, and furnishing seed to the sower and bread to the eater; so will My word be which goes forth from My mouth; it will not return to Me empty, without accomplishing what I desire, and without succeeding *in the matter* for which I sent it. For you will go out with joy and be led forth with peace; the mountains and the hills will break forth into shouts of joy before you, and all the trees of the field will clap *their* hands. Instead of the thorn bush the cypress will come up, and instead of the nettle the myrtle will come up, and it will be a memorial to Yahweh, for an everlasting sign which will not be cut off (Isaiah 55:10-13).

I have never seen thorns like those I saw while in Africa. They are two to three inches long, extremely hard, and will easily pierce a tire and turn it into a flat. But unlike

anywhere else, after twenty-three years of teaching Bride truth, we are now seeing in Africa Yahweh's word going forth with joy and not returning void.

May Yahweh be praised for evermore, and may He reverse the curse on mankind, even as testified concerning Africa! May He bring mankind out of death, even as He sovereignly testified by bringing Laurance out of death! The time to act is now.
