

GARY REPORT

A Lesson From Jacob

What I am going to share with you is personal, but I do believe it needs to be shared. I share it because I believe it soberly speaks to us today, which is a critical and even world-changing time. And, I have delayed sharing this so as to be fully assured that it should be shared, and as well waited to see what the entire story might be, including the final outcome. Again, this is a very critical time we live in—seeking to prepare the way for Immanuel's return—and it will not be without a price to be paid, seen already in Africa on so many occasions. Now, here you will see one more.

On two recent occasions I instructed Jacob and John to return home from the teachings they were involved in in the Nairobi area. Finances had become limited, producing considerable stress, causing me to give that instruction a second time. But, on 8/17 Jacob replied:

I am so sorry, we were asked to go back to Rongo, but we can't with the meetings already planned. We can't manage to cancel, and our hosts are pleading with us not to leave. We will be here for three more weeks. Brother Gary, do not strain yourself. The Father will never let His work down. Yahweh is great. I will give my report tomorrow.

Am sorry brother Gary for disobeying your order. Please find it in your heart to forgive us.

I understood, but I had instructed him, now a second time, to return home and he directly disobeyed my clear instruction. In his next report on the 19th, Jacob once again added:

Finally, I am sorry that I disobeyed you by not going back home. We got more invitations, which if we ignored would not be good. You will remember that when we canceled our meeting in Nairobi last time you were here [because of threats to our lives], it brought tension. We will do what is right, even if it means going without food and sleeping on the street.

And the reality is that they were not doing what was right by disobeying. How do we know? By what happened next. On the 24th, Jacob sent the following email:

Dear Brothers,

Let me take this time to share with you my report, but my report will be about being disobedient. When Yahweh's chosen Apostle ordered us to go back and we disobeyed him, we learned a lesson about disobeying him. John and I disobeyed Apostle Gary, and Yahweh punished us terribly.

We did not obey his direct order, and after two weeks of teaching we went on yesterday to teach in one of the Seventh Day churches called Nairobi West Spring. We taught well and the people understood our teachings so well.

After finishing, we gathered in a group of twelve people and John and I were sharing with them and clarifying to them why we are Bride. Then from nowhere a group of youths came and interrupted us by asking us why we are not Christians. They said we were devil worshipers and Illuminati, and I started arguing with them, thinking that I could put some sense into their minds. But they just turned rowdy, shouting that we should leave. Then one of the people we were sharing with confronted them, and all I saw was a big knife. These guys wanted to cut me, and one gentleman raised his hand and the weapon landed on him, and he was cut terribly! Blood was everywhere, and people ran about. But gratefully the attackers fled away, and the guy who was cut was taken to the hospital. And, they took our motorbike, as it was nowhere to be found.

We reported the matter to the police and went to the hospital to see our friend who was cut. Unfortunately, our friend lost his hand. The doctors removed it because it could not work anymore.

Brothers, all of this happened because we disobeyed Gary and did not return home. If we had listened to him and gone back home, this would not have happened. And we lost our motorbike. Brother Gary, we are very sorry. Please forgive us.

To all, with the lesson we have learned, please let us not be disobedient to Apostle Gary. Yahweh is with him. Let us hear him. If he says yes, it is yes. If he says no, it is no.

Jacob

Jacob's email was actually a reply to an email I had sent to him earlier that day. Here are two key paragraphs from it:

Jacob, I knew both times you needed to return home, and the second time you directly disobeyed. I relented and said that that was OK, but obviously it was not, that what I was sensing about you going home was the Father. But you directly defied what I instructed you; and for the first time since those men and women repented of the violence they had performed [[click here](#) for a report on this], only after your defiance has violence returned. And this time the outcome is your loss of the motorbike and the loss of another person's hand. And honestly, it could have been your hand.

Jacob, I know what I am. I am only a man. But I know that there is great evidence that I am the Elijah. The things that the Father has shown me, no other man in the history of mankind has seen. And, I am most aware of what Acts 3:22 and 23 say about him: "Moses said, 'The Lord God will raise up for you a prophet like me from your brethren; to him you shall give heed to everything he says to you. And it will be that every soul that does not heed that prophet shall

be utterly destroyed from among the people.” Twice I instructed you to go home, and the second time you knowingly defied me. And now there is a young man whose hand has been cut off, and your motorbike is stolen.

And for you, the reader, all I am is a reporter of what has taken place. But with all of this tragedy I can report the goodness of Yahweh. Jacob and John did get home, and a surprise to us all, the motorbike was discovered and retrieved by the police, and on 9/6 Jacob arrived in Nairobi and reclaimed it. Blessed be Yahweh!

So, what was this all about? Why did it occur? I could share with you yet other evidences of how Yahweh has backed up my words, but whatever the case, the bottom line is what the Father is doing. But if I am indeed the Elijah, and there is evidence this can be the case, especially so per the truth He has shown me, truth that no man has ever before seen, then Jacob is indeed a testimony of the great seriousness of that calling and man’s response to it.

And I can tell you, man is at a place where he needs to repent. There is so much worldliness and error in people’s lives that significant changes will need to take place. Yahshua said concerning the rich young ruler after telling him to sell all and to come and follow Him: “How hard it is for those who are wealthy to enter the kingdom of God! For it is easier for a camel to go through the eye of a needle than for a rich man to enter the kingdom of God” (Luke 18:24-25). Evidencing this, I have been teaching Bride truth in America since 1994, and very few could hear and receive this truth. Yet when I went to Africa, which is impoverished, they could hear and rejoiced greatly! As it is written, “God has chosen the weak things of the world to shame the things which are strong, and the base things of the world and the despised God has chosen, the things that are not, so that He may nullify the things that are, so that no man may boast before God” (1 Corinthians 1:27-29). And I am most grateful for Jacob and John and Caleb and Walter and all the brothers there who faithfully serve in bringing forth the restored kingdom. And I will say, they are worthy of our support.

And let me point out something else here that I have just noted. As addressed [here](#), Stephen was stoned to death at Tabernacles. Acts 8:1 tells us: “And on that day a great persecution began against the church in Jerusalem, and they were all scattered throughout the regions of Judea and Samaria, except the apostles.” Tabernacles begins in late September to late October. If it was late October, that would mean that their dispersion could have continued into December. Today, if Yahweh chooses to give us His Spirit in December, it would testify that He is repairing the breach with the first Remnant—that the Saul/Paul work that has taken man to death for two thousand years is finished. If the Jerusalem first Remnant church dwindled to an end in December, would it not be reasonable that in December today the second Remnant church could be rekindled/rebirthed? Indeed so. December would repair the breach. This is indeed our hope. But, we wait and see. It would however be most fitting. And this is my third December trip to Africa, and per the Passing Over Principle, He passes over the first, He passes over the second, and He takes the third. I pray He begins fulfilling His latter Remnant work. I pray He repairs the breach and restores and completes the Bride. Amen.
