

GARY REPORT

Hopefully, the tide has turned!

Let me provide you an update on what has recently unfolded in Africa. It has been a rollercoaster of events, affording pause and even great concern and pain, but in the end has afforded great hope! First, the man in Nairobi who was spearheading organizing our two meetings there, evangelist Kimani Njoroge, passed away, which was very distressing for Caleb. The two of them were to have a very important meeting with those who manage the two facilities we had reserved and would be using, and the certainty of this hinged upon that meeting. Kimani was having difficulty in breathing that day and did not have a puffer, but reassured Caleb that he would be fine. The meeting was successful, but afterwards Kimani began having more difficulty and they proceeded to the hospital. Sadly, he died, and this was most distressing for Caleb!

With his death, rumors began to fly and people turned against Caleb. And sure enough, our old instigator Calvins (also spelled Calvince) was at the heart of it, saying that Caleb was of the devil and was casting spells. At one point Caleb was dragged out of Kimani's house by two men and had to flee to avoid possible harm. Another local bishop took the lead there and Caleb returned to Rongo. But, it was not long and that man resigned, leaving in question whether the two planned meetings would even be possible. In fact, it was so devastating, I told Caleb to just cancel the planned two Nairobi meetings. But he immediately objected and adamantly declared, "No Gary, I must fight! I have to go back to Nairobi and be there in person." And this is what he immediately did, leaving the very next morning.

In every way, Calvins is a disrupting and destructive devil, and Caleb had to dispel his vicious lies, taking with him an older and respected brother, John Joey. Upon their arrival, the two began to expose these lies and reassured them that Bride truth is solid, and gratefully they began to listen.

And let me add something to this noteworthy testimony. Interestingly, Kimani Njoroge's trade was that of a shoe maker and tent maker. In fact, he had just completed a tent for a pastor, and it was being picked up when Caleb was drug out of the home. If Yahweh is using this to prophesy, of course Paul was equally a tent maker, and tents speak of our present earthly bodies. And it is noteworthy that Kimani died for lack of breath. If this was prophesying, it evidences that the Saul/Paul period of the church is at an end, and that they no longer have the pneuma, the right to the Holy Spirit. Also, as a shoemaker, one might consider that Mark Christianity is the one who is to [take the sandals](#)/shoes.

Also attesting to this hopeful end of what we have known for two thousand years is a MOST welcomed outcome. On Halloween, October 31, I received the following email from Constable Rubben:

Hi Brother Gary

I succeeded in making sure Calvins was arrested.

He is being taken to court tomorrow.

I have been summoned to appear before the court tomorrow by 10 a.m. Failure to honor the court, I am going to be arrested.

Bless you

Rubben

Calvins was arrested on Halloween; and not only was he arrested, but yet another bishop from none other than Busia, Bishop Wafula Festus, was meeting with him and he too was taken into custody to stand before the judge. Needless to say, we provided for Rubben's transport, and the judge found both men guilty of what I would call false slander, sentencing them both to seven years in jail. Caleb told me that in Kenya, false and destructive slander is a serious crime. Obviously so.

What can all of this mean? Calvins is the lying accuser of the brethren, testifying of Satan. With this testimony, as well as the end of the tent and shoemaker who lost his breath/pneuma, there is the hope that we are at the transitional period where Christianity loses its rights to the kingdom, is equally put to sleep, a rib (the Elijah) is taken out, and the MUCH needed Bride can be formed. Soon, Satan will be jailed and will no longer effect his troubling work. Is Satan now completely eliminated? No. But his/her days are numbered, and we have the victory.

And let me note something here. I was concerned that maybe those who have received these varying jail sentences could pay some amount and get out of jail. But Rubben assured me that that was not the case. So, Calvins and all the others will not be loose to cause their destructive harm! Amen to that! This now totals seventeen men placed in jail for their attacks on the Bride. Blessed be Yahweh, and may we receive the much needed victory!

Our plans go forward for our December 1 flight to return to Africa.

Blessed be Yahweh,

Gary
