Africa Trip Report And That Which Is Before Us

I am back from Africa, and it was unlike the two previous trips. While the teachings were all very successful and the hearers greatly rejoiced and took hope in what they were learning, there were otherwise trials that afflicted us.

First, the car we have owned and used to spread the hope and truth of the Bride since the first trip in 2016, blew an engine, making it useless to try to repair once again. That car outlived its usefulness, and for the three weeks we were there were forced to rent a car, which was quite expensive. And later in the trip a motorbike with a sixteen-year-old boy and his sister struck our car while Walter was in the process of turning around on an open highway, destroying the front bumper panel, as well as doing other damage. The bike was moving at a fast speed, throwing the two riders off who tumbled and slid across the asphalt pavement. They were taken to a very small local hospital and suffered multiple cuts and abrasions and the driver had a broken hand. But gratefully they did not suffer more harm, for we found out that only two weeks prior their older sister was killed in motorbike accident. And we had yet another costly payment of having to repair the damage on that rental car.

Also, for the entire time we were there, I had a troubling case of bronchitis, which is not what one needs when teaching one and two two-hour sessions a day, totaling twenty-four teachings over the eighteen days I was there. You can tell this in my voice in the four videos to be posted on YouTube.

But one of the most troubling and disturbing things that I have never experienced before as a teacher, were three severe evidences of that which afflicted the Philistines after they took into possession the ark of the covenant (1 Samuel 5 and 6). Gratefully, on the first two occasions when I was teaching Yahweh kept me from embarrassment as it showed itself externally, and on the third occasion it was at the airport and I caught it early. And it was not until I returned that I understood what the Father was evidencing. Keep in mind, I am an intercessor by Yahweh's choice, and in this case it was my third trip to Africa, and upon that continent Yahweh engraved an engraving of Satan. Most certainly, this third trip to that cursed continent was nothing less than the kingdom of God given to the church for yet a third-part period! What I experienced was a testimony of what would be the fateful outcome if Yahweh did not cut their time short from three to two thousand years. My third trip to cursed Africa was the third thousand years of the kingdom if it was not cut short. That is why we had so many difficult and costly troubles on this trip. Based on our/my experiences, I would not want to go through that bloody and costly and tragic third period!

So what must Yahweh do? As we see in 1 Samuel 5 and 6, after **two** thousand years He must take **two** representative nursing milk cows, the **two** Remnant, and return the ark of the covenant, the kingdom anointing and Presence of Yahweh, to whom it belongs—Immanuel! So you can see that I had to go through a third-part experience as to what

must not take place and this third experience not come about. I am so very grateful that the Father gave me eyes to see what He was doing, for the entirety of these events in this third trip to Africa were most troubling and vulnerable situations. And gratefully, Yahweh kept me from being highly embarrassed in this 1 Samuel 5 and 6 testimony, for they were each severe, especially the first two.

And finally, for the first time in my three trips to Africa, in the end upon traveling in Nairobi with its unbelievably horrendous and dangerous driving conditions, as well as all the other challenges, I was weary of the chaos of that continent. In the other two times there I never felt that way as I left. But in this third trip, which again was equivalent to the third part of the church if Yahweh did not cut time short, I was very relieved and ready to depart. This was not due to anything these precious and faithful Bride brothers and people did, for they were and are so very precious, but rather had to do solely with all of the costly and troubling testimonies that we constantly experienced in this third-part witness if Yahweh does not cut time short from three to two thousand years. And remember, Satan's image is indeed engraved on that continent, which is Christianity. I hope you understand what I have related here. We were experiencing what would take place in the church if they were given another one thousand years, and would be, "Our God, our God, why have You forsaken us?"

And on the day that we were to leave, that morning Jim, Rian, Caleb, Walter, and I had breakfast together and I shared with them what this third trip might have been, though at that time did not understand the whole picture, especially regarding the testimony of 1 Samuel 5 and 6. I simply realized that this third trip would be the third part of the church if Yahweh did not cut those days short from three to two. And I can tell you, we only had a mere glimpse of that horrific third part, for Yahshua warned, "Unless those days had been cut short, no life would have been saved" (Matthew 24:22). And all of us agreed to this troubling assessment. Furthermore, I then expressed looking forward to what is now occurring in England with a new Bride brother named Paul. You might ask, "How can a brother named 'Paul' be any kind of hope or encouragement?" Let us look at a most interesting event regarding the apostle Paul.

In 2 Corinthians 12:2-4 we read:

I know a man in Christ who fourteen years ago—whether in the body I do not know, or out of the body I do not know, God knows—such a man was caught up to the third heaven. And I know how such a man—whether in the body or apart from the body I do not know, God knows—was caught up into Paradise and heard inexpressible words, which a man is not permitted to speak.

Paul's experience of being caught up to the third heaven was nothing less than entering into the third one-thousand-year period of the church that we have now entered. (And let us note, this is the period that is cut short from three to two and Immanuel returns.) He was caught up, "whether in the body or apart from the body," where we are right now, and it seems quite appropriate that a man named Paul has come onto the scene in the Bride at this time. Furthermore, today's Paul is experiencing some amazing guidance from the Father and has been led out of Christianity and ceased his active part in his former church, and invited me to come and spend time in the UK and stay in his residence. And most importantly, all of this is undoubtedly relevant to my trip to the

UK precisely ten years ago, and is discussed in part [here](#). This is an audio file, and you will want to begin listening at 43 minutes and 21 seconds. I knew then that that first trip there was a vital first-bird experience that awaited and even makes possible the fulfilling second-bird work.

And most interesting and revealing, in that first-bird work there were three men I was supposed to connect with while there, with whom I was communicating. Their names were, in order of planned contact: Peter, Paul, and John. I stayed with Peter first, who gave me his tithe amount, which was sufficient to pay for my entire trip. Paul was a black man who traveled over from London to be with us in beautiful Wales. But he was caught up in himself and in his “ministry” and that did not go well. And I was never able to get together with kingdom John—which spoke in itself. We have not received the pure John kingdom, the Millennial Reign, up to now. Thus, it is most obvious that this was an intercession, even a first-bird work that cannot bring forth the true and much needed John kingdom and has to die. And thus I concluded in that recording: “Since I have been to Britain, then the payment should be made so that when I go back I have the authority to complete what was begun.” And now, at this time, I am making plans to return to a “Paul,” and we are now in the third part of the kingdom of heaven, the John kingdom. This seems quite fitting and hopeful. And, it even appears that we are seeing a redemption of “Paul” Christianity. The first Paul in the UK failed, and this present Paul should not fail.

Furthermore, it is noteworthy that at this time the UK is scheduled to leave the European Union by January 31, 2020, when I could be in England. They would be as it were the Bride coming out of the Body of Christ.

Further related to this matter of England, and I find this most significant, when the Spirit came upon me at that ranch house for women and children, I was persuaded that the latter rain would come from or begin in England. This is also addressed in the Remnant Bride Radio program dated [January 18, 2010](#), where the program description states: “Evidence exists that even as the heavenly kingdom is Remnant → Christianity → Remnant, so the kingdom at the nations level is England → America → England. Gary expresses his hope for what could take place in that trip.” And, this is extensively addressed in [“How To Untie A Donkey,” page 7](#).

And furthermore, there was another unmistakable testimony of this same anticipation per England by virtue of the sole woman who stayed at the ranch in 1994, just before the Holy Spirit came upon me. Of all names, she was **Bonnie** (beautiful) **England!** And it just so happened that she had an equally attesting **five** children, those being five girls. Only now is all of this making clear sense.

So I am communicating with Paul and assessing what is the best time for me to fly to England. We will watch and see what the Father is doing, but our hope is for the oh so elusive later rain which we **MUST** have in order to birth Immanuel back to this earth. This the masculine Body of Christ could **NEVER** do as a male work, but must be the female work of the two-part Bride. We look to the Father to accomplish all of this, and hopefully will now see the breach that came in 1994 when we had to leave the ranch be repaired, and the promise received then will now be fulfilled!

I have paid the price. I have passed through the long twenty-five-year breach since 1994. And it is now time to enter into that which began ten years ago in England where it fell short of the critical fifth. I do believe that Yahweh is now adding that fifth person through Paul, and the work in England can continue to its fulfillment. Yahweh showed me the incredible nature of the five and two while in my sleep, and when I awoke I was in awe and wonder! But when I awoke later, all I could recall was the five and two. And it now appears that that pattern will be completed with Paul—adding the critical fifth. We wait with wonder for what the Father will do.

Blessings to all, and we look to the Father,

Gary
