

# GARY REPORT

## Updates

In the January 3 Report titled "[Africa Trip Report And That Which Is Before Us](#)," I addressed how my third trip to Africa was an unwelcomed testimony of the third one-thousand-year period of the church if Yahweh did not cut time short from three thousand to two thousand years. There were many events during that trip that spoke to this unwelcomed period, but the worst one I did not relate to you and will do so now.

There were thirty Bride brothers from Mombasa, all but three who were former Muslims and had accepted Bride truth, and they had traveled together by bus to attend the teaching when I was in Nairobi. But before getting there, their bus had a head-on collision with another bus [which was disastrous, killing seven people](#), two of whom were Bride brothers! None of those brothers made it to the teaching, but all did attend a teaching near Mombasa which Walter set forth on the fifteenth of this month. But here again, this bus wreck in this third trip to Africa was one more, in fact even the worse, testimony of this third-part "Our God, our God, why have You forsaken us?" evidence of what it will be if He does not cut these days short from three to two. Most certainly, we DO NOT want to pass through that time, and pray that those days will be cut short and Yahweh pour out His Holy Spirit upon us—the latter rain. Here is Walter's report on that Mombasa teaching.

Dear Brother, I had my first meeting in Mombasa. Before the meeting I had a chance to meet the brothers who survived the road accident in December while they were traveling to Nakuru from Mombasa to attend your teaching. The bus carried thirty of the Bride members from Mombasa and two of them died from the accident. Fifteen were seriously injured while thirteen had slight injuries. Out of the fifteen who were seriously injured was Abdullah Juma, who had both of his legs broken. One of his legs was cut off, while on the other leg half of his foot was cut off.

Brother I cried when I saw this man crawling to come and listen to the Bride teachings. His relatives and friends abandoned him because he joined the Bride and he told me: "Brother Walter, I know and believe that the only thing that will change the world, and especially for us who are poor, is the Bride, and that is where my hopes and faith rest. Even if I lose my relatives and friends, even if I lose my legs, I will still believe in the Bride." Brother I cried when I listened to him saying those words.

The government took the bus company to court, though it will take a long time before that is resolved. It's my prayer that these brothers will get justice. All the brothers who survived the accident were at the meeting and they promised me that they will never leave the Bride whatsoever. I have attached the photo of Abdi [Abdullah]. We give glory to Yahweh.

In a personal note to me Walter added:

Brother I must say that I have been touched by the brothers who were in the accident, and they are still persuaded that the Bride is their only hope. Brother, Abdi is in great need of a wheelchair. I shed tears seeing him crawling to the meeting. He is in deep need of \$340 to buy a wheelchair. Please brother, if possible, we need to help him.

Afterwards, Walter had to proceed to his next teaching, but said he will remain there in hopes of getting this new Bride brother a wheelchair. Can you help? I will provide the link to do so at the end of this Report.

Now let me turn to another testimony. Of the three of us who traveled to Africa in this last trip, one was of course Rian from Australia. He is often a brother of insight regarding the Bride, and recently shared this with me:

I don't have much to comment, but the last two reports have been really encouraging and hopeful. It really was amazing what the Father revealed to you about the correlation of the color orange with the first Remnant church Smyrna, and of course also regarding the second Remnant Philadelphia.

The balloon also reminds me of a womb when the waters break, or the firmament over the earth that broke up and flooded the earth and brought forth death, which is of course the negative testimony of the opposite flood that we now need to bring forth life, testified by the rainbow Yahweh put in the sky after the flood that brought forth death. It's all very hopeful!

Paul's vision is also very hopeful, especially in light of this scripture in Ezekiel 12:21-23:

Then the word of Yahweh came to me, saying, "Son of man, what is this proverb you people have concerning the land of Israel, saying, 'The days are long and every vision fails'? "Therefore say to them, 'Thus says the Lord Yahweh, "I will make this proverb cease so that they will no longer use it as a proverb in Israel." But tell them, "**The days draw near as well as the fulfillment of every vision.**"

AMEN! May Yahweh bring it to pass.

Blessings, and looking forward to what Yahweh is going to do in this trip to the UK.

I like the way he tied the rainbow to the much-needed flood of the Spirit. And let me close with a recent phone call from Caleb. On Wednesday he called me and told me that "hope is about to be fulfilled," and based it on what he had just read in James 5:17-18. He asked me to read it and call him back. Here is that passage:

Elijah was a man with a nature like ours, and he prayed earnestly that it would not rain, and it did not rain on the earth for three years and six months. **Then he prayed again, and the sky poured rain and the earth produced its fruit.**

Caleb said that God would answer the Elijah's prayer today. That is a quest I have pursued ever since 1994, and do hope for its fulfillment today, even hopefully in England where I first believed that outpouring would come about.

And let me close with Walter's request. To provide the wheelchair for Abdi will cost \$340, and if you can meet that need in whole or in part [click here](#) and provide your gift. It will make a huge difference in his life and we can share in acknowledging his commitment to the Bride as something we can all admire.

Blessings,

Gary
