

GARY REPORT

Urgent Report and Update

Excuse my delay, but after being away in Kenya for eighteen days from May 14 to June 1, and coming back to a two-acre yard to be mowed with big oak trees that suffered severe limb losses from a heavy wind, it has taken me time to recover.

First, and gratefully, the teachings in Kenya took place with great success. For the first time, from Nairobi and onward, Caleb had scheduled me to do two teachings a day. Beginning in Nairobi, the first teaching was the largest with an attendance of almost 1,800 hearers. And as well, from then on we experienced nothing short of pure and sustained understanding and agreement. One of the unique features of my teachings in Nairobi was that the second daily teaching was dedicated to pastors who were not necessarily onboard with the Bride teaching, or were even skeptical. These were meetings with around forty or fifty men, and were very successful. Without exception, there was a positive and convincing response thereafter, clarifying what the Bride truly is.

However, the teachings in Mombasa did not work out. The government, which is primarily Muslim, dragged their heels and we had to move on to our scheduled teachings in Rongo. Even so, sixty-five faithful brothers from Mombasa chartered a bus to Rongo, and attended the teaching there, and then attended yet another at the next location.

In Rongo, the first teaching was packed to overflowing with almost 1,000 men only. And immediately afterwards, that was followed by the ladies, who left very little room for a small number of men to fill up the difference. And in all of these teachings, the hearers rejoiced greatly! And I must say, it was a great pleasure for Jim and I to reside in the Bride home, which is a beautiful and accommodating place.

But, there was no time to delay, and we straightway went to Homa Bay as our temporary place of residence. From that point we traveled to the areas of Kaloo, Omboo, outer Homa Bay, and Kisumu, where in each place we held separate morning and afternoon teachings. Then in Usenge, followed by Sondu, we completed our final two teachings before Jim and I had to fly back to Nairobi to catch our flight back home. There were in total twenty teachings in twelve days, and two days of travel. And Caleb estimates the total attendance was around 14,000. He also reported: "The major problem that Bride is facing is jealousy from other churches. Christian churches are remaining empty because Bride is fishing their members out."

But something else took place that is most interesting and hopeful. Let me explain. Jim McManus and I stayed in a condominium in Kisumu, and in all of our trips to Kenya, it had something that no other facility has ever provided—my mother's womb. Of course that is a tub in which the water can rise enough to immerse oneself. In fact, it was even a jacuzzi tub, and most, most welcomed! And as you might know, I call this my mother's womb, and it is in fact a place where the Father often speaks to me. And once again that is what He did.

Out of the blue, He showed me that we now need to go to India. Of course, only recently, He showed me the Elijah's image in that very place—a highly revealing reformation of the image of Satan in Africa. [Click here](#) to read that report. I then called Caleb and asked them to come early to pick us up for the day, and that they did. I then shared with them what the Father showed me, not knowing what their response would be, for that meant a turn towards India. But within a mere few hours, Caleb had made some contacts and those plans were put into motion. The fact is, when he had cancer, he spent a month or more in India for treatment, and as a Christian at that time he was successful in bringing over two hundred to Yahshua. But, now he will return there and bring them even more timely truth.

Also, he contacted an Indian businessman who was now a Bride brother. That man called me, saying that they need to get Caleb to India and hold three teachings to reveal the Bride, preparing the way for me to then go there. Wow, it had been only a few hours since I had mentioned this, and all of these plans were being made. So, we now look to the Father. Caleb and Walter are planning to go before me and plant seeds.

These preparations take a bit of time, and may I add as well, much needed finances. So, in this transition, we look to the Father once again, now to open the door to India. Again, only recently did the Father show us the truth concerning the image on India—ending the curse that is seen on Africa. And let us see that this is effected by two brothers who are willing to go there so as to prepare the way that I may follow. Therefore, I need your help at this vital time. The brothers are preparing to go, and may we support them with our finances.

I can tell you, with this change in direction to India, we are in great need of finances. And let me add, I sincerely need your help now. We had great success in Kenya, and now is time to advance into India. We have had tremendous success in Kenya, and even all of Africa, and let us spread it to the world. And let us begin in the country on whose image is the Elijah—India.

So please, for the sake of all mankind, provide your financial support for these brothers to go to India and extend the work that Caleb began during his treatment for cancer. There is another cancer in this world that equally needs to be eradicated, and that is a cancer on truth and the kingdom. And only the Bride can do this. So, [give now](#) to help these brothers make their way to India. Thank you.

And as an extra treat and all-the-more reason to generously give, [click here](#) to watch one of the teachings I did while in Kenya. I ask you, where else can the full truth regarding the kingdom be found on the earth? Clearly, it is reserved for the Bride! So, do your part and send this truth to India.

Blessings,

Gary
