Amazing, Revealing, And Hopeful Presidential Pattern!

Several years ago I became aware of the highly unusual pattern of Presidents of the United States who died while in office at twenty-year intervals, and wrote about it in an article appropriately titled [20/20 HINDSIGHT!](#) Following is the summation of that highly unusual sequence.

“On April 4, 1841, President William H Harrison died of pneumonia, only 30 days after his inauguration on March 4. He was the first US President to die in office. No one could possibly have known at the time that his death would begin an amazing death string of Presidents that would last for 140 years. Starting with William Harrison's death, every President [until Reagan] elected at twenty-year intervals has died in office. Let us review this obviously significant and meaningful list of Presidents.”

|---------------------------|--------------|--|
| (1.) William H Harrison | Elected 1840 | Died April 4, 1841, of pneumonia |
| (2.) Abraham Lincoln | Elected 1860 | Died April 15, 1865, of a gun shot to the head |
| (3.) James A Garfield | Elected 1880 | Died Sept. 19, 1881, of a gun shot |
| (4.) William McKinley | Elected 1900 | Died Sept. 14, 1901, of a gun shot |
| (5.) Warren G Harding | Elected 1920 | Died Aug. 2, 1923, of an uncertain cause |
| (6.) Franklin D Roosevelt | Elected 1940 | Died April 12, 1945, of a cerebral hemorrhage |
| (7.) John F Kennedy | Elected 1960 | Died Nov. 22, 1963, of a gun shot to the head |
| (8.) Ronald Reagan | Elected 1980 | Shot March 30, 1981, but did not die! |
| (9.) George W Bush | Elected 2000 | Prevailed in a phenomenally prophetic and intercessorial election battle |

There is no disputing that this kind of order is the Divine hand of Yahweh God, and as such is prophesying to us. The question then is: What is He doing? What is He telling us? Let us see.

First, let us compare this sequence with another highly impacting and telling pattern—the trips up Mount Sinai. Addressed in [Trinities, page 3](#), there were seven trips that Moses took up Mount Sinai, and Yahweh was so displeased with the people that He told Moses that He would not go into the Promised Land with them lest He destroy them (Exodus 33:3). But Moses pleaded with Him and He repented of this and called Moses back up Sinai for a final eighth time where he was once again there for forty days

and nights without drink or food. Again, this is all prophecy. It was on this trip that when Moses came down from Sinai with the restored tablets of testimony, the skin of his face shown brilliantly (Exodus 34:28-33).

If you look at the above list, you will see that this decisive eighth trip correlated with Ronald Reagan, who was the first to not die—escaping death though he was shot. In Bible numerology, it is widely accepted that the number eight speaks of a new birth or new beginning. This most certainly is the case with Moses's eighth trip up Sinai. But there is more to this, for we see that in the plans and ways of Yahweh, the promise given to the eighth is fulfilled by the ninth, who is in fact the Elijah. This is clearly evidenced by an equally hidden testimony—the fact that the promise given to Moses per the eighth trip was fulfilled by Elijah in a ninth. To understand this, read "[page 3](#)" of *The Promise*. What we see here is the Moses first Remnant and the Elijah second Remnant, separated by the breach in time and purpose of Christianity. And noteworthy, the only president I have had personal contact with is second Remnant George W Bush. I met with him in his office in Dallas where I discussed my efforts to obtain some property for the needy through the Resolution Trust Corporation, and later we happened to meet again in a one-on-one conversation in a hallway at a political convention.

So the question now is: Who will be the "new beginning" tenth president? I say "new beginning" because numerologically, ten is indeed a new beginning. There is 0 to 9, followed by 10 to 19, etc. And who can we expect to be the new-beginning tenth President in this unmistakably remarkable presidential cycle in 2020? The man with the golden head, a type of Immanuel—Donald Trump-et. In this remarkable cycle, it is George W. Bush who prepares the way for the new beginning; and equally it is the Elijah who prepares the way for Immanuel. And MOST significantly and fittingly, "Donald" comes from the Proto-Celtic Dumno-ualos, or "world-ruler," "world-wielder." This is MOST fitting, for Immanuel will indeed rule the world. Amen! Come quickly, Immanuel! There is no question that this pattern, which Yahweh has set forth in these nine and even ten Presidents, is set forth by the Creator; and only now when we see His back can we know its meaning and fulfillment. Blessed be Yahweh!

So where do we find in the Scriptures the testimony of the tenth, even the tenth trip up the mountain, Immanuel? In Matthew 17:1f, Mark 9:2f, and Luke 9:28f, we see Yahshua taking Peter, James, and John up on a "high mountain." And who were the two who were there with them? None other than those who had gone up that mountain before, prophesying concerning our ascension to Yahweh, even the fulfillment of man's ultimate ascension into heaven to be transformed—first Remnant Moses and second Remnant Elijah. And, they were all three glorified! With all things being considered, that event was the tenth and final ascension up Mount Sinai, testifying to our true transfiguration while the Peter, James, and John Body of Christ is sleeping—dead! Thus, it is evident that either literally or in testimony, that "high mountain" was Mount Sinai—even the final climactic ascension whereupon we are transformed while the Body of Christ sleeps, is dead.

Come quickly, Immanuel. We wait for you to take your two-part Moses/Elijah bride up the mountain the tenth and final time and cover us with Your glory. Amen!
